

kybella®

KYBELLA® MAY BE RIGHT FOR YOU IF:

- You're bothered (unhappy, self-conscious, embarrassed) by fat under the chin, also known as submental fullness
- You feel the condition makes you look older or heavier than you actually are
- You don't want to have surgery
- You eat well and exercise, but submental fullness does not go away

\$600/ml

NovaThread
Facelift

NovaThreads are injectables which contain PDO threads or sutures, which are used to stretch and re-position the face. For many clients, this is a better alternative than surgery. This is because there is little to no downtime and recovery is quick; PDO threads absorb into face and also promote collagen production.

Nova Lip Jowl **\$1500**

Prices Range from **\$300 - \$2000**

OBAGI® Medical

Obagi products are designed to help minimize the appearance of premature skin aging, skin damage, hyperpigmentation*, acne, and sun damage and are primarily available through dermatologists, plastic surgeons, medical spas, and other skin care professionals.

Permanent Makeup

Permanent makeup is a cosmetic technique which employs permanent pigmentation into the dermis as a means of producing designs that resemble makeup, such as eye lining, the face, lips, and eyelids.

Full Lip **\$600**
Lip Liner **\$280**
Full Lip with Juvéderm **\$1000**
Lip Color Correction **\$350**

Juvéderm®

Injections are nearly painless. Juvéderm injectable gel is for injection into areas of facial tissue where moderate to severe facial wrinkles and folds occur to add volume to the skin, especially around the nose and mouth. The procedure takes only 15-20 minutes.

\$500 750/ml

Eyebrow Hairline Stroke

Permanent makeup can transform your eyebrows. It can take years of you whether you have sparse, over-plucked, patchy brows or are suffering from a hair loss condition or have been through chemotherapy, or if you simply want to add colour and definition. Achieve a celebrity 'WOW' brow or an extremely understated natural hair simulation brow.

Organic Colors Available

Eyebrow Hairline Stroke **\$450**
Eyebrow Classic **\$350**

Botox® Cosmetic

A Botox treatment will take around 15 minutes to perform, making it quite convenient. At the start of your Botox procedure, the areas that are being targeted for treatment will be marked. In some cases, the areas being treated will be numbed for your general comfort.

Mole Removal

The CO2 laser treatment procedure is a state-of-the-art mole-removal option that is painless and creates only minimal discomfort. It is an outpatient procedure, which means that you can go about your daily activities almost immediately after the procedure. It doesn't take much time to perform, and it's quite safe.
